Dear Friends

Knowledge, they say is power! MESIARC has always stood for dissipation and growth of knowledge.

For the first time ever in the State of Kerala we are arranging an in-depth tutorial for post graduates and junior consultants in ENT on current aspects of Otolaryngology.

No stone shall be left unturned for a precise, authentic and informative seminar by our own house faculty and distinguished invited professionals. Do register early as this is a one-to-one course with pre and post test questionnaire. We are limiting the number of participants to fifty

Course Chairman
Dr. M.B Manoj
Ph-9895889001
